Where is your GPS?

A man desired to travel from Illinois (a state in the Midwest, USA) to California (another Western, USA) and wanted it so much that he got everything ready for the road trip. He had a beautiful, fuel-efficient car that could certainly do the job. The tires were new, the oil was changed, and the engine sounded. He had never traveled this journey before, but he had the strong determination for the road trip to California. He perceived that it would be so much fun seeing the beautiful terrain and horizon across the States from Midwest to the West coast.

He set out on the journey with a full gas tank and hoped to drive down to California in the shortest possible time. Everything was set, but for a map or a Global Positioning System (GPS) for directions. He does not believe in getting directions from maps (paper or electronic).

He said, "I only believe in myself, and I can do everything myself." He set out on the journey from the closest interstate to his house.

The road was wide, the day was clear.

"Someday, I will arrive at California if I do not give up and just continue driving," he said to himself. He assumed there would be a big board reading welcome to California at the end of his journey. What kind of adventure would he embark on?

I assume you think that is crazy. He will never get to California. In fact, without a map, he might travel further away from the right route to California.

Is this not the way many of us live our lives without a direction from our maker and Lord? Living life with a mindset that someday all will be good and we shall fulfill a purpose, but without information from the author of life, may result into frustration.

You may be well built, intelligent, determined, and have everything it takes to get to your destination, but without God, all is vanity.

Jesus said, *I am the way, the truth and the life. If you know me, you will know my Father as well- John 14:6-7.*

Do you know Jesus? He is the truth that opens our eyes to see the way of life. He is the one that provides instructions and directions needed for life success. He is the only one that can give you calmness and peace amid challenges.

No alcohol, no recreation drugs, no pleasures of the flesh can help you overcome difficult times; they will rather leave you in the same spot and take you nowhere. Jesus is our GPS to navigate through this world.

Jesus is life, the eternal life given to those who believe in Him (John 3:16, 1John 1:2).

A life without Christ is a life full of crisis.

Accept Jesus as your Lord and Saviour today,
